Selected References for Large Animal Surgery

Many journals contain articles pertaining to surgery (both human and veterinary) and should be perused for current literature. A partial list of veterinary journals includes:

**Journals for Small Animal Surgery Candidates**

- *American Journal of Veterinary Research*
- *Compendium (including web-only publications)*
- *Journal of the American Animal Hospital Association*
- *Journal of Veterinary Emergency and Critical Care*
- *Journal of American Veterinary Medical Association*
- *Journal of Veterinary Internal Medicine*
- *Veterinary Clinics of North America (Small Animal Practice)*
- *Veterinary Comparative Orthopedics and Traumatology*
- *Veterinary Surgery*

**Journals for Large Animal Surgery Candidates**

- *American Journal of Veterinary Research*
- *Equine Veterinary Journal & Supplements*
- *Equine Veterinary Education*
- *Journal of American Veterinary Medical Association*
- *Veterinary Clinics of North America (Food Animal Practice)*
- *Veterinary Clinics of North America (Equine Practice)*
- *Veterinary Surgery*

The majority of questions come from literature published in the last five years. For example, if you are taking the 2014 examination, questions will primarily come from literature published in the range of 01/01/09 – 12/31/13. Questions may also come from older articles considered significant and essential to the knowledge of the veterinary surgeon.

**Free VLS e-Journals for Residents**

*Residents can receive a complimentary digital subscription to VetLearn.com. The subscription provides access to the online monthly digital publication Compendium: Continuing Education for Veterinarians® and Compendium Equine® the recurring series within Compendium.
